

## PCSO Tony Fletcher

I've been a PCSO in Ellesmere Park, Monton and Eccles for 13 years. My role is to be visible and approachable in the community; I spend 80% of my day patrolling on foot, bike and sometimes in a vehicle. Mobile police technology enables me to access incident logs, crime reports and much more, whilst being away from the station and this has been a game changer in modern day policing.

It's a pleasure to serve Ellesmere Park; the people are friendly, supportive and care very much about their environment.
